

Access to Secure File Transfer Services

Notes on Access and Usage

The state is providing access to this service to make the sharing of data easier for governmental entities. It's designed to take as many of the stumbling blocks away as possible when sharing large files that can't be sent over email.

It's just another mechanism, along with Secure Box, to help get us there.

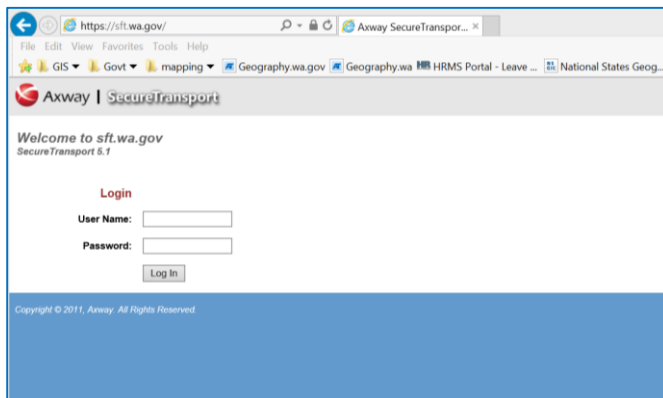

Need access? Let us know.

Access to the Brower Client: <https://sft.wa.gov/>

Contact: [Joy Paulus](#) for user ID and Password

Backup Contact: email Rich Kim at rich.kim@ecy.wa.gov

Example:

Two directories have been set up

Acct Name

ocio-gisdata1

ocio-gisdata2

Home Folder

file:/data/OCIO/

file:/data/OCIO/

PW Notification Sent to:

rich.kim@ecy.wa.gov

thomas.kimper@ofm.wa.gov
